"We're having a conversation that NB needs to have, and many of the people that needed to hear it were in the room. It's a great thing!"

"Fantastic job in getting access for NBers to such an amazing roster of keynotes... not one but six! Thank you for your energy and important work that you do."

"The event was very well organized and the team did a great job of keeping things running smoothly. I appreciated the transnational diversity of panelists that brought fresh ideas to the leaders of New Brunswick."
